### Theme

To commemorate 75 years of Quit India movement, the Government of India pledged to create a **New India**, that is strong, **Prosperous** and all encompassing, an India that will make our freedom fighters proud. The pledge is to create a New India by 2022, an India that is devoid of corruption, is clean, has no poverty, is free of terrorism, has no distinction on the basis of caste and religion and unite the entire country by adopting Good Governance and use of advance technology. In the post-covid India, the Govt. of India took step forward and stressed the vision of "Amanirbhar Bharat", "Make in India, Make for India and Make for the world". This is achievable only through continuous Innovation and development of technology.

The **National Education policy 2020** is a definite step in that direction, to materialize the vision of New India, which is self-reliant and a world leader in all spheres of life. It unfolds a new era of a new paradigm of pedagogy that is supposed to revolutionize knowledge and innovation in India. At the same time it aims to instill in our youth the sense of **cultural nationalism, patriotism and dedication for the country**.

The **National Seminar** aims at a meaningful and purposeful deliberation amongst a galaxy of academicians and intellectuals, over this very relevant and important topic. The ideas, views and conclusions are supposed to be a valuable feedback and suggestions for the Govt. for further improvement in the path of actualization of the dream of positioning India as the **World Leader**.

**संगोष्ठी का उद्देश्य**  
भारतीय संस्कृति न केवल प्राचीनता का प्रमाण है बल्कि वह भारतीय अध्यात्म और चिंतन की भी श्रेष्ठ अभिव्यक्ति है। श्रीमद् भागवत और रामायण के संदेश हजारों सालों से हमारी प्रेरणा और कर्म का आधार रहे हैं। किंचित परिवर्तनों के होते हुए भी भारतीय संस्कृति के आधारभूत तत्व सेवाभाव और वर्चन पद्धति में एक ऐसी निरंतरता रही है कि आज भी करोड़ों भारतीय स्वयं को उन मूल्यों एवं सेवाभाव प्रणाली से जुड़ा हुआ महसूस करते हैं और उससे प्रेरणा प्राप्त करते हैं। हम इस वेब संगोष्ठी के माध्यम से भारतीय संस्कृति में निहित उन सेवाभावों को रेखांकित करने का प्रयत्न करेंगे जो इस संकट की घड़ी में ममील का पत्थर साबित हो सके।

## **संगोष्ठी का उद्देश्य**

भारतीय संस्कृति न केवल प्राचीनता का प्रमाण है बल्कि वह भारतीय अध्यात्म और चिंतन की भी श्रेष्ठ अभिव्यक्ति है। गीता और उपनिषद के संदेश हजारों सालों से हमारी प्रेरणा और कर्म का आधार रहे हैं। किंचित परिवर्तनों के होते हुए भी भारतीय संस्कृति के आधारभूत तत्व जीवन मूल्य और वचन पद्धति में एक ऐसी निरंतरता रही है कि आज भी करोड़ों भारतीय स्वयं को उन मूल्यों एवं चिंतन प्रणाली से जुड़ा हुआ महसूस करते हैं और उससे प्रेरणा प्राप्त करते हैं। हम इसे वेब संगोष्ठी के माध्यम से भारतीय संस्कृति में निहित उन जीवन मूल्यों को रेखांकित करने का प्रयत्न करेंगे जो इस संकट की घड़ी में संजीवनी साबित हो सके।

#### Invitation

On behalf of the organizing committee, we extend an invitation to you all to participate in National Conference on "Our Environment: Explore, Care and Share", being organized by the Government P.G. College, Bilaspur, Rampur (U.P.) on 25-26th February 2016. It will provide a forum to eminent scientists, academicians, naturalists and research scholars from various specialities for the presentation of their views and interaction with experts.

#### Bilaspur

Welcome to Bilaspur, a small but beautiful town in Rampur district in western U.P. located on the Delhi-Rampur-Nainital National Highway [NH 27] at a distance of about 30 km from Rampur. This town is known for its rich agriculture farms and beautiful landscape. The college provides a peace hub to the seekers of higher-education away from the noise and hustle bustle of city. College lawns are decked with rich flora.

#### Focal Theme

Issues and concerns related to environment have occupied dominant space in the present-day discourse. Ozone layer depletion, global warming, green house effect, change in climate pattern are some of the pernicious environmental degradations which are the result of our indiscriminate exploitation of natural resources, rapid industrialization and the pervading culture of consumerism. The problem is existential, so the challenge before us is to arrest this disastrous change. It is not that we have remained loath to the problem. Now the world is rallying to curb green house emissions. We have come a long way from Rio-earth Summit, signing of Kyoto-protocol, Copenhagen Summit to the recently concluded 12-day Paris climate summit or COP21, as it is popularly known. More than 170 countries, representing over 91% of world's CO2 emissions, assembled to set an effective climate regime in place. World leaders agreed to move towards a path that ensures the increase in global temperature remains limited to 2°C above preindustrial levels.

No doubt, developing societies are unwilling to compromise the CO2 space and growth remains the biggest imperative but we believe that development and protecting the environment are not competing goals. Our common task is to imbibe and popularize the concept of sustainable development. Development of new and green technology is the need of the hour. We have to redefine our priorities. It all requires a paradigm shift in our approach and thinking. Engagement of members of civil society is of utmost importance in our endeavor to provide a better,

just, equitable and sustainable future. There is urgent need to create mass awareness and build-up an environment friendly culture. We have ensure that every one is able to live a life worth living on a planet worth living on. Here-in lies the future of our posterity.

The present seminar intends to focus on these pertinent issues of our times. This symposia provides a platform for not only dissemination of information and knowledge but also suggesting affirmative actions by building-up mass awareness for conservation and preservation of our environment which is common heritage of mankind.
